

The BasePlate System

NEXUS[®]
Modular Sign System
Copyright 2010 Nexus
All rights reserved.

The BasePlate is the most flexible system NEXUS has to offer. It is ideal for producing multi-plate directories and information signs, over 150mm (6") deep. Any depth, in 5mm increments is possible. The NEXUS baseplate is attached directly to the wall, creating an invisible mounting solution. The BasePlate System is available in the Rail, RailFrame, Frame and CoverFrame Looks.
